**A "NO SURPRISES" APPROACH TO MAINTAINING YOUR MAZDA**

With the Mazda Full Circle Service Report Card, it's easy to interpret the results:

	These items are in "good" condition - they do not show evidence of unusual or significant wear.
	These items are showing normal wear & tear, but are not likely to fail before the next scheduled maintenance interval.
	These items require immediate attention or will likely wear out before the next maintenance interval. In this case, we are recommending replacement or repair.

### How to read your Full Circle Report Card

**Vital Fluids:** Green indicates good condition. Yellow indicates normal wear. Red indicates immediate attention.

**Routine Inspection Items:** Green indicates good condition. Yellow indicates normal wear. Red indicates immediate attention.

**Preventative Maintenance Issues:** Green indicates good condition. Yellow indicates normal wear. Red indicates immediate attention.

**Tires:** Check tread depth, wear pattern, and tire air pressure. New tires have from 9/32 to 12/32 tread depth.

**Brakes:** New brakes have from 9 to 11mm of brake material. We will monitor the wear to avoid any added expense.

**Battery:** We check your battery's storage capacity at every visit.

Prices based on 2010 Mazda6. Prices may vary by model.

**PEAK PERFORMANCE IS NOT GUARANTEED, IT'S MAINTAINED!**
