GEORGIA

the total transformance EXPERIENCE

No-Hassle Buying. *Redefined.*

Our Relationship With You, Our Client. *Redefined.*

The moment you visit us at NeSmith Chevrolet, Claxton, our pledge is to treat you and everyone in your family as honored guests in our home. *Anyone can sell you a vehicle, and we know that.* We would rather provide you with something that truly satisfies your lifestyle.

We Pre-Negotiate Every Sale. *Redefined.*

We take the back n' forth away. Forget the silliness that others dealers make you go through. It's already handled. You get the absolute lowest price. *Guaranteed.* You get the absolute, most personalized, attentive client service. *In the Southeast.* And beyond that, you get an unending, an unwaivering commitment that, for the past 35 years, has kept us driving harder to be "the absolute leader in everything, Chevrolet."

Where People Want To Work. And Do Business. *Redefined.*

Everyone at NeSmith is here... because they want to be. And that makes us feel good. The NeSmith Vision has always been and continues to be: Create an exceptional environment that not only promises the NeSmith Experience, but exemplifies it, every day. To be part of a family, where honesty, integrity, and the height of professionalism drives each of us to perform at our very best, is something we're proud to be a part of.

A Happy Client. For Life. *Redefined.*

A wise man once said, *"it's probably something beyond buying a car that brings you back."* At NeSmith, we believe in relationships. In the long-lasting ones. Where people can get to know us. We live here, too. And we want to do what's right. It's what defines us. It's what sets us apart. *"The NeSmith total transformance experience."* A happy client. For life.

NeSmith Chevrolet. *Redefined.*

Thirty five years ago, a dream began. To provide the *"best of the best"* in all divisions. And be known for it. By re-committing ourselves to this daily goal, everything at NeSmith has been redefined to *"revitalize, refresh, and reinvigorate"* the car buyer's experience by creating a new level of respect, understanding and attention to detail. It's what we call, *"the NeSmith total transformance experience."*

...it's a brand new storm.
